ALISA UTESHEVA

UX/UI DESIGNER · RESEARCH, DESIGN SYSTEMS & PROTOTYPING
San Francisco, Bay Area • alisaux.com • linkedin.com/in/alisaux • alisamuux@gmail.com • 510.480.0142

UX/UI designer with a Bachelor of Fine Arts (BFA) in Interaction and UX/UI Design who designs from research, builds design systems in Figma and tests prototypes with real people. I use Figma every day and I'm now redesigning pages for DentalChat's live website.

KEY SKILLS

Design: Figma (components, auto layout, prototyping), FigJam, User Flows, Wireframes, High-Fidelity UI, Interaction Design
Research & Testing: Surveys, Usability Testing, Competitive Analysis, Synthesis, Accessibility (WCAG AA)
Build & AI: HTML, CSS, JavaScript, Git / GitHub, Figma MCP, Cursor, Claude
Collaboration: Cross-Functional Collaboration, Presenting Design Rationale, Giving & Receiving Feedback

EXPERIENCE

DentalChat · *UI/UX, Product Design & Marketing Internship*
Remote | October 2026 – Present
- Work directly with the CEO to improve DentalChat's live website and patient experience.
- Now redesigning the home page, the sign-in and sign-up pages, and the patient post page.
- Reviewed the live site and recommended layout fixes, such as turning "Read more" links into buttons and making the app download banner span the full page width.

Activation Pro · *Brand Ambassador, Meta Event*
On-Site Registration | September 2026
- Ran on-site registration for a Meta event, checking in attendees as they arrived.

Eleven8 · *Brand Ambassador, Dreamforce*
Representing Laminar | September 2026
- Represented Laminar at Dreamforce, handing out brochures to attendees.

PROJECT EXPERIENCE

Docket · *B2B SaaS Concept for Recruiter-to-Hiring-Manager Handoffs*
Product Designer · UX/UI | Fall 2026
- Designed Docket, a B2B SaaS concept that shows hiring managers who's waiting on their feedback and for how long, after research pointed to slow feedback, not lost information.
- Built a 3-screen clickable prototype and ran 2 rounds of usability testing, resolving 6 of 7 major usability issues from one round to the next.

Nuance · *Personalized Beauty & Shade-Matching App*
Product Designer · UX/UI | Spring 2026
- Surveyed 14 respondents and usability-tested with 7 more across two rounds, 21 participants in all, then rebuilt the shade-matching flow around what the research found.
- Designed and built the web companion site, translating the Figma design system directly into working code.

MindScoop · *CBS KPIX San Francisco Collaboration*
Product Designer | Fall 2025
- Owned the Pop Quiz app integration and the MindScoop TikTok prototype, alongside concept development and the interactive set experience.
- Presented at the CBS building to Scott Warren, Regional President and GM of CBS News Northern California; the concept was recognized as a Breakthrough Insight.

Flosser · *Habit-Building App with a Mascot System*
Product Designer · UX/UI | Spring 2025 – Spring 2026
- Built and maintained a full design system and brand-voice guide from scratch, establishing reusable components and rules instead of redesigning each screen from zero.

EDUCATION

Bachelor of Fine Arts (BFA) in Interaction and UX/UI Design · Academy of Art University, San Francisco, 3.7 GPA (May 2026) · President's Honor List
Coursework: Web Design, User Experience, Visual Design, Motion Graphics, Typography, Design Technology, Design Thinking.
Udemy Certifications: *Figma, Figma Advanced, Photoshop, Illustrator*
